Belagola pumping plant for supplying water to the Mysore city was sanctioned. To carry out the work a sum of Rs 25,000 was placed at the disposal of the P.W.D from the Mysore City Improvt funds and the balance of Rs 25,000 was granted as a loan to the Municipality.

Subsequently the Ch: Engr having represented that it was not possible to work out any portion of the allotment of Rs 25,000 during 1907-08 and that the same might be resumed, the amount lost in this orde

V No 13665-8/Ind 621-07-108 30-6-08 ordered the resumption of the amount surrendered and requested the Ch: Engr to report the amount required for the work in question during the year 1908-09.

Draft forwarding the Comptr's letter to the Ch: Engr for submission of a revised estimate proposal is submitted for appl or other orders.

Submits a supplemental estimate for Rs 9,000/- to cover the usual charges on account of "Establishment" and "Tools and Plant" in connection with the Kurnool Water-works and states that as the estimate of Rs 50,000/- provides for the purchase of machinery &c, to the extent of Rs 45,000/- including erection and other charges and as the balance of Rs 5,000/- is for constructing a few buildings required in connection therewith, it appears needless to charge anything on account of supervision as proposed by the Comptroller.

The charges on account of "Establishment" and "Tools and Plant" have been waived as a special case in connection with the last year's bills on account of "Maintenance charge" and "Supplementary water-supply to the Municipality" during 1907-08. The charges may, as proposed by the Chief Engineer, be waived in the present case also

To, The Chief Engineer of Mysore

The Secretary to the Govt
of Mysore, Genl & Revenue Depts

Sir,

In compliance with your letter No. 198/ml 421-07-4 of the 7th July last, I have the honor to forward the accompanying supplemental estimate, received from the Executive Engineer Water Supply & Sewerage Division providing for the usual "Establishment & tools & plant" charges in connection with the electrification of the pumping plant of the Mysore City Water works at Belagola

It amounts to Rs 9.000 which is 18 percent of Rs 50.000 sanctioned for the pumping plant but the Comptroller, P.W. Branch assumes that the Charges on account of

Superannuation are debitable only on the moiety of grant sanctioned from the Municipal Funds & not on the entire grant including the loan granted by Govt. Vide his letter No. 7892/8 of the 22nd June 1908 to your address. The proper course would seem to me to credit the loan to Municipal Funds and treat the whole expenditure under that Budget. I am however of opinion that as the estimate of Rs 50,000 sanctioned for the installation of Electric Pumps provides for the purchase of machinery &c to the extent of Rs 45,000 including Charges for erection &c & as the balance is for Constructing a few buildings required in connection therewith, it appears needless to change anything on account of "Superannuation" as proposed by the Comptroller & I would have informed him so if he had addressed this office on the subject

I have the honour to be
